Summary

Hi there! My name is Yoav Hevroni and I'm a math and Economics Student in my third year. My studies also include purchasing computer science tools like data structures and algorithms. I am highly motivated, versatile and adaptive. Looking to learn and contribute to my environment using both my personal and professional skills.

Education

Mathematics, Computer Science & Economics B.Sc.   2017 - present
Ariel University

Ben Gurion High School   2006 - 2009
High School

Skills

Coding   MATLAB, Java, Python, C++, HTML, CSS.

Miscellaneous   Data Structure, Algorithms, Microsoft Office.

Projects

Neural Network for Shapes detecting
University project
A neural network for detecting and classifying geometric shapes.

Military Service

Combatant   2009 - 2012
Kfir Brigade – Haruv Battalion

Languages

- **Hebrew** - Native
- **English** - Fluence
